WEST BRIDGEWATER: IT'S A HOME, A PLACE OF WORK, A TOWN WITH FRIENDS AND FAMILY. BUT ABOVE ALL, WEST BRIDGEWATER IS EMBODIED BY ITS WONDERFUL SCHOOL SYSTEM AND THE STUDENTS IN IT. WHILE THE BUILDING IS FRESH AND NEW, THE MEMORIES STUDENTS WILL CREATE WITHIN THESE WALLS WILL BE COMBINED WITH THE MEMORIES OF THEIR 5 YEARS IN THE OLD SCHOOL AND LAST A LIFETIME. THIS YEAR HAS BEEN SOMETHING, TO SAY THE LEAST. FINDING OUR WAYS THROUGH THE NEW HALLS, LEARNING HOW TO ACTUALLY LOCK OUR LOCKERS, AND ADJUSTING TO LIFE IN A NEW ENVIRONMENT. BUT THAT IS WHAT HELPS SHAPE THE EXPERIENCE!

THE HERITAGE COMMITTEE HAS WORKED TIRELESSLY OVER THE PAST FEW YEARS TO PRESERVE THE LIFE OF THE OLD SCHOOL AND BRING OVER THE HISTORY TO THE ONE WE ARE IN TODAY. WITH A "RETRO ROOM" IN ONE WING AND A TIME CAPSULE AT THE READY; THIS COMMITTEE HAS SHOWN HOW MUCH THEY CARE FOR THE CONSERVATION OF OUR TOWN'S WONDERFUL HERITAGE. ON BEHALF OF THE WEST BRIDGEWATER HERITAGE COMMITTEE, WE WOULD LIKE TO DEDICATE A PAGE IN THIS YEARBOOK TO REMEMBER THE OLD AND TREASURE THE NEW.

-SIMONE KAPLAN AND MAIA HAY
SENIOR CO-PRESIDENTS OF THE HERITAGE COMMITTEE

Class of 2016 Yearbook Dedicatee

It is with great respect and gratification that we, the Class of 2016 dedicate our yearbook to a person who has gone above and beyond as a mentor and educator. He not only cares about our academic achievements but who we are as individuals as well.

This year's dedicatee has altered our lives in more ways than most teachers can say. From your extensive tie collection that sparks conversations each day, to your morning announcement enthusiasm, to your ability to remember the names of your 600+ students, you always manage to put smiles on everyone's faces.

You empower us to strive to become better parts of our school and more involved in our community each day. You always make an effort to support the sports teams, performances, and variety of activities we are all involved in.

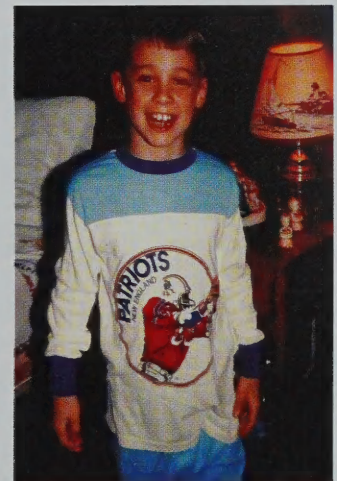

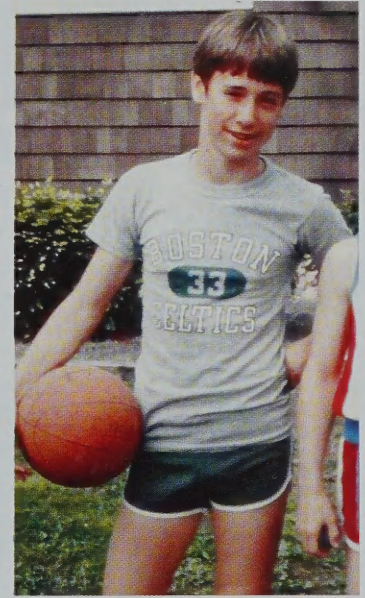

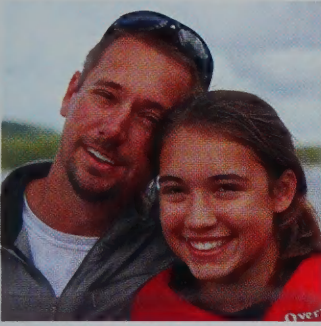

This man was not only lucky enough to have us for four years, or six years. But a grand total of nine years.

High school is like beginning a new book, in our book we looked forward to starting a new chapter because you were there beside us.

We thank you, Mr. Bodwell, for being a constant part of our support system for more than half of our lives. It is hard to put into words how thankful we are for how much you have done for us, you have taught us more than you know.

Congratulations, Mark Bodwell, the Class of 2016 yearbook dedicatee. You are more than just our Principal you are a mentor and a friend.

Mr. Mark Bodwell

WB MS HS

Dear Members of the Class of 2016,

You have the unique distinction of being the first class to graduate from the new West Bridgewater Middle/Senior High School. Congratulations on all you have done during your years in West Bridgewater. For some of you I have had the pleasure to know you since you were in 4th grade when I was your Principal at the Howard School. Others have joined the class throughout the years. You are all amazing young men and women who have not only achieved at a high level, but have unlimited potential moving forward.

What makes West Bridgewater schools so special is that we have outstanding and talented students, a dedicated and caring staff, and a supportive community. As you leave our schools we hope we have created young adults ready to go out into the world and truly make a difference. You are graduating from a small school, in a small town and we are confident you will take what you have learned here and do big things in the future.

Take the opportunities that are presented to you in life. Live life, don't wait for it to come to you.

Along with your family, teachers and community I want to let you know how proud we are of you and all you have accomplished.

Sincerely,

Mark Bodwell

Dear Class of 2016,

Congratulations on a job well done. The class of 2016 will always hold a special place in my heart as some of you were members of the last classes I taught here in West Bridgewater. I treasure my teaching years and will always remember you as my last group. I am grateful to have moved into the AP position because it has awarded me the opportunity to interact with all members of the class. I have enjoyed watching you grow and mature into the fine young men and woman you are today. Of course there were days when we may have had a difference of opinion, but that, my friends, is called the game of life! I hope "we" as a collective group here at WB have given you the tools to enter the world with your eyes wide open and the confidence to go for it all. As you leave the hallways of West Bridgewater and follow your dream, stay focused on the goal and stay true to yourself. In the words of Lori McKenna in the Tim McGraw song,

"When the dreams you're dreamin' come to you
When the work you put in is realized
Let yourself feel the pride but
Always stay humble and kind."

Sincerely,

Remember when they said "high school goes by in the blink of an eye," and you didn't believe them? Most of my time at WB is a blur. Here we are, class of 2016 getting ready to start the rest of our lives. I never thought that high school could be this fun, but I owe it all to my best friends; SF AH SD CW AL AQ JC SA EY AB SM HM JR TG MM. I love you guys so much, stay in touch. But it would not have been so great without all the memories; Onset,Dangs,odds are,naps,night class,Kiln Room,Wendy's,Thermy,the dance floor,Mika,HSM,and Fin's class. We're finally leaving this tiny cow-town and heading into the real world, but WB has us well prepared.

I was born in the age of information, and information is what I eat, sleep, and breath. I've been playing video games on computers since I was a small child and I've been messing with computers in ways that most people wouldn't think to since 10. I've seen many many cat videos. I've made friends with people from all over the world. I've helped program in collaboration projects with people I have never and likely will never meet. I've seen revolutions, people rioting in the streets. We all live in a web of information, everyone and everything connected. I most likely will never see any of you ever again, but we will all still be connected. Such is the nature of the age we live in, and it is a wonderful thing.

They say the first four years of high school are the best ones, and I agree. The classes were sure to help bring us to a higher learning, like Calculus, so I know how to write checks properly. Above all this i'll always remember the jokes and good times during the first few years, "warcrys" included. More jokes and conspiracies than I can count have happened since, and while they are a little less and appropriate for the sake of this, i'll just say that i'll never forget a moment of it.

"Ooo, Davy Graham."

I'm not too fancy, not too bland I'm often called out for being a bit quirky at times that's alright with me. I don't like the idea of growing up, of how you are supposed to act, what you can and can't do to look adult. I don't care for that stuff. I will stay kind and courteous to people I don't know and considerate and understanding to friends I've known and friends anew. Shout outs Mr. Rosow for exposing me to the wonders of Nick Drake and artists alike. My friends/family who have made this journey more bearable of course. And to my great friend Mark Kaylor. "I am actually 82 years old, ain't that crazy?"

These past years of school in WB have been quite interesting. Since 5th grade I've adopted the nickname Moe because my full name is a mouthful. I have had my ups and my downs, mostly ups but yeah, it's been pretty cool and I've had a lot of fun. My good friends are what made the year's fun. K.S. and T.S., you guys are awesome, I'll never forget the good times we had. Too my dear K.M., you're the best and your awesome, I love you. Thanks to all the teachers for helping, it was much appreciated. I'm really glad I got to spend my final years of school at WB, it's been great here. Final thought, N.F. is legendary.

Then AQ who taught me that certain things need to be fought for and not give up on them. Also AH who taught me to enjoy life but not too much, lol. A Letter From the Editors

This yearbook is filled with the memories that the **Class of 2016** have made together. Looking back at these twelve years it is hard to believe that this year is ours. It is our year to shine, celebrate and remember all the good times we have spent with each other. We will never forget the times shared singing songs by the fire at nature's classroom, learning about the MoHo in Greenlaw's class, Camp Yomechas, and being with Mr. Bodwell since fourth grade. This yearbook honors not only us and who we are as a class, but who in years to come we want to be remembered as. We have been through so much and it is hard to believe that it is all coming to an end. That our reign has passed as the Senior Class and we must move on to the next journey of our lives.

Although our pasts are laid out and gathered on these pages, our futures are unknown. Fortunately as students of West Bridgewater Middle Senior High School, we have been offered the knowledge and wisdom needed to take the next step in our lives. Thank you to everyone who put their time in to make this yearbook possible, for allowing us to use your photos, for giving us the materials needed, and an extra huge thanks goes out to Mrs. DeLorenzo who without her help and guidance this book would never have been possible.

In truth, it was not like High School Musical at all

it was better.

Sincerely,

The 2016 Yearbook Staff

Dear Lydia,

We thought we might use this space to articulate a few thoughts we had for you. Hopefully we won't be too embarrassing, but no promises.

We wish we had the words to express how proud of you we are. We look at you and see a young woman with limitless potential. Your drive, intelligence and kindness are truly something to behold. We hope that someday you are able to look in the mirror and see what we see.

"Beauty is truth's smile when she beholds her own face in a perfect mirror."

Rabindranath Tagore

While life does take hard work and perseverance, it also takes time and patience. Patience in the world and in yourself. Take the time to enjoy the small moments especially the silly ones. As you get older you learn that these moments and memories are the only things we have, that have any true value.

"You're only human. You live once and life is wonderful, so eat the damned red velvet cupcake"

Emma Stone

As you go forward into the next stage of your young life. Realize that this is stage 8 of about 137. While each one is important, realize there is another one right around the corner. None of them will define you, it is only in their sum that you will have some understanding of who you are.

"I don't think I'd have been in such a hurry to reach adulthood if I'd known the whole thing was going to be ad-libbed."

Bill Watterson

And lastly, I wanted to impart the importance of happiness. Without happiness success professionally or personally is fleeting. The only person that can make you happy is you. Make sure not to be too hard on yourself. It really is OK to cut yourself some slack now and again.

"Happiness is not ready made. It comes from your own actions"

Dalai Lama

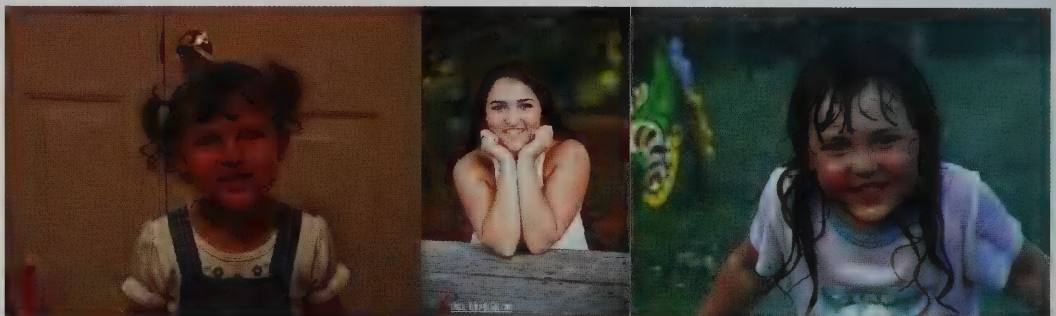

And I couldn't leave you without my favorite quote.

The difference between stupidity and genius is that genius has its limits.

Einstein

SAMANTHA REGAN FEENEY

As you graduate from high school, it is our wish that you will continue to overcome your fears, celebrate your successes and learn from your mistakes. Carry with you all of the values that we have instilled in you. We love you and are already more proud of you than you can possibly imagine.

We are so excited to see what the future holds for a wonderful young woman like you! Our love and best wishes know no bounds. The future is all yours! Happy Graduation, baby!
~Love Dad, Mom and Mike

Congratulations Shea O'Donovan!

We are so proud of all your accomplishments and of the person you have chosen to become. All of your hard work has paid off. It has been a pleasure watching you mature into a fine young woman. We cherish and hold close to our hearts all your childhood memories...and all the laughs along the way! If we could give you one thing in life, we would give you the ability to see yourself through our eyes. Only then you would realize how special you are to us. Can't wait to see what the next chapter has in store for you. Follow your passions and stay true to yourself and much success will follow.

**Love,
Mom & Dad and Sasha too!**

We love you always....Mom, Dad, Chris & Steven

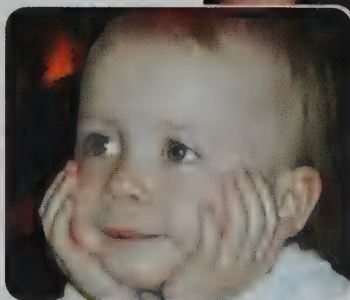

Becca

You've become the amazing person you envisioned for yourself rather than fitting into other people's perception of who you should be.

Twenty years from now you will be more disappointed by the things you didn't do than by the ones you did do. So throw off the bowlines. Sail away from the safe harbor. Catch the trade winds in your sails. Explore. Dream. Discover. Mark Twain

Always follow your heart! Seek Joy!

I love you.

Congratulations Anthony!

It's hard to believe you are graduating high school and going off to college. The adorable little 4 year old boy who was determined to ride his bicycle without training wheels, in just one day is now a handsome, confident, funny and smart young man. You made high school look so easy even though you spent many late nights doing homework and studying. You have made lifelong friends and wonderful memories from kindergarten through high school. We look forward to the next chapter in your life, meeting the many new friends you will make along the way and hearing about all your new experiences and adventures. You are an amazing son and brother and we are so proud of you!

Love Always,
